- Children special are waiting for holidays. One most of beautiful holiday is Christmas.
- We are waiting this holiday some weeks before. This time in Lithuania is called ADVENTAS (in Latin “adventus” mean coming). It is darkness time- short days and long nights. The nature goes to sleep in a dark and cold.
- At old times this time wasn't so joyful and noisy how in another countries of Europe.

People gathered together to have party in the evenings, talked various adventures, tales, jokes, played rituals (adventus) games, looked what weather will be in future.**
